

Atul Manoj Shere

Pune, India • atulshere18@gmail.com • linkedin.com/in/atulshere • github.com/Atulshere18

PROFESSIONAL SUMMARY

Full Stack Developer with 1.5+ years of experience building scalable web applications, internal business platforms, and AI-powered solutions using modern JavaScript technologies. Currently contributing to Luminis — an enterprise market research and business intelligence platform at Fortune Business Insights — using Next.js, Node.js, SQL, and MongoDB. Experienced across the complete MERN stack with a growing focus on cloud infrastructure (AWS) and AI integrations including RAG systems.

WORK EXPERIENCE

Software Developer — Fortune Business Insights

Pune, India (On-site) | Jul 2025 – Present

- Develop and maintain core UI modules for Luminis, an enterprise BI platform, using Next.js and TypeScript
- Design and maintain RESTful APIs with Node.js and Express, consumed by multiple frontend clients
- Work across hybrid SQL and MongoDB data architecture to support complex market research data models
- Collaborate with product and design teams to deliver features on schedule in an agile environment

Software Engineering Intern — Floatinity Systems LLP

Pune, India (On-site) | Dec 2024 – Mar 2025

- Built React frontend components for Sourcik, an AI-based supplier-buyer matching platform
- Developed and integrated RESTful APIs using Node.js, connecting the UI to a MongoDB data layer
- Worked in a fast-paced startup environment with rapid iteration and cross-functional collaboration

PROJECTS

Movie Reservation System

github.com/Atulshere18/Movie-Reservation

- Built end-to-end seat booking platform with real-time seat selection and conflict prevention
- Implemented JWT authentication with role-based access control (User / Admin)
- Designed type-safe database schema using Prisma ORM with PostgreSQL

AgroCraft — Farmer Marketplace

github.com/Atulshere18/Farmer_MarketPlace

- Developed three-portal architecture (Farmer, Buyer, Admin) with role-based access
- Designed relational database schema for products, orders, and multi-role user management

AI Landing Page Backend

github.com/Atulshere18/ai-landing-page-backend

- Built backend API service for an AI-integrated landing page with clean RESTful architecture

TECHNICAL SKILLS

Languages	JavaScript, TypeScript, C++
Frontend	React.js, Next.js, HTML5, CSS3, Tailwind CSS
Backend	Node.js, Express.js, REST APIs, JWT Authentication
Databases	MongoDB, MySQL

Cloud & DevOps	AWS (EC2, S3, Lambda, RDS) — actively learning, Git, GitHub
AI & Other	RAG Systems, AI API Integration, Postman, VS Code

EDUCATION

Bachelor of Engineering — Computer Engineering —
Savitribai Phule Pune University (SPPU)

Pune, India | 2021 – 2025
